

**Madrone Arts Gallery to Celebrate Fall  
with the Opening of a New Exhibit**

Madrone Arts, a fine arts gallery in “downtown” Pescadero, will be opening its fourth exhibit the weekend of October 5<sup>th</sup> and is proud to highlight new works by its members as well as a number of Coastside consignment artists. The gallery, located at 216 Stage Road, opened its doors last December in a building that was formerly home to a custom woodwork store, “Made in Pescadero”; and, beyond that, rumor has it that the large space has a colorful history of being a livery stable in bygone days. Madrone is open on weekends from 11AM to 5PM and the Fall Exhibition will run until the end of January 2025. Gallery artists are on hand and always look forward to introducing the different works to visitors. Information about the gallery, members and upcoming workshops and events can be found at [www.madronearts.com](http://www.madronearts.com).
