About Us

Madrone Arts, a Fine Arts Gallery, is a cooperative of artists living and working in coastal and rural areas south of San Francisco. We believe we can grow and succeed through collaboration. We provide professional, curated gallery space for member and guest artists to promote and sell their art through rotating exhibits. With our success, Madrone Arts is a valuable community member. We provide our communities and visitors a way to experience art through gallery visits and to engage in learning about art through gallery-sponsored workshops and events. For more information, visit madronearts.com.

Curation

The gallery utilizes a curator from outside the organization in an effort to maintain the professional aesthetic of the gallery and to result in an exhibit free of influence of any particular member artist. Art for each exhibition is submitted by the member and reviewed by the curator. The curator chooses the works to be displayed and decides on their placement in the exhibit.

Acceptable Art Medium

The Gallery exhibits original paintings, mixed media, ceramic and glass works, fiber arts, sculpture and other 3-D artworks, and conceptual or abstract photography. Limited- edition, archival quality prints are accepted for flat file cabinet sales (minimum sales prices apply).

Art Merchandise

At this time, the Gallery does not provide member exhibit space for, or sell items such as note- or greeting cards, posters, mugs or other similar art merchandise.
